

PRINCIPLES AND PATTERNS OF

Personal Revelation

How you can better hear the voice of the Lord

Welcome to Institute

Dear friends:

God is talking to you. Can you hear Him? Are you listening? How important is it for you to receive revelation?

"...in coming days, it will not be possible to survive spiritually without the guiding, directing, comforting, and constant

influence of the Holy Ghost. My beloved brothers and sisters, I plead with you to increase your spiritual capacity to receive revelation" (Russell M. Nelson, April 2018).

The heavens remain open, God continues to speak, and each of us can receive personal and timely revelation that provides direction, insight, and comfort.

While many of us recognize the importance of personal revelation in navigating our lives, we often wrestle with critical questions such as:

- Do we understand the various ways God communicates with us?
- Are we aware of the principles that guide spiritual promptings?

- How can we discern if it is truly the Lord speaking to us?
- How can we hear His voice more clearly, directly, and frequently?

Receiving revelation is like building a spiritual muscle—it can grow stronger “line upon line.” There are things you can do right now to increase your capacity to receive and act on divine guidance.

I look forward to a wonderful class where we will be “edified and rejoice together” (D&C 50:22)!
